

Antwerp Diamond Speedo Race

29 and 30 March 2025

Rules and Regulations 2025

1. The meeting is organized in accordance with the Royal Belgium Swimming Association KBZB., the Flemish swimming federation and the World Aquatics regulations. The competition will take place on 29 and 30 march 2025, at the Olympic Pool "Wezenberg" in Antwerp with electronic timing.
2. The entry times for the open competition on Saturday and Sunday morning **must have been realised in a 50 m pool after 01/01/2024**. Please mention the date and the place where the time was realised. Entry times realised in a 25 m pool will only be accepted if there is sufficient competition capacity and the entry times will be converted into 50m entry times. The entry times used for the youth competition in the afternoon must be swam after 01/01/2024 in a 50m or a 25m pool. Please mention the date and the place where the time was realised. Youth swimmers are allowed to register without entry time "NT". Open and Youth Swimmers that register with non-verifiable entry times will only be accepted based on the competition capacity and will be added to the slowest heats with "NT". For long distances 800m + 1500m freestyle for which there are no official registration times available, you must register with realistic training time. For long distances 800m + 1500m freestyle registration without time (NT) is not allowed.
3. The "Antwerp Diamond Speedo Race" is open for swimmers born before 2015. Swimmers born in 2014-2011 (boys 2014-2009) cannot compete both in the morning session and afternoon session. A choice has to be made.
4. 1500m and 800m freestyle: a maximum of 1 heat is scheduled on Saturday and Sunday afternoon. During the youth competition, the number of heats will be limited to 48 per day. For the Open competitions, BRABO has the right to limit the number of heats in order to respect the time schedule. Swimmers who cannot participate due to this restriction will be informed as soon as possible.
5. There will be only one "open" results classification list for every morning event. For the 50m and 100m events there will be a final A and a final B (8 swimmers each). B-finals will only take place when minimally 24 swimmers participate in the series. In the B-finals we reserve 6 places for swimmer from Belgian clubs, if these 6 swimmers from Belgian clubs cannot be found we will select non-Belgian swimmers. For the finals we assign 12 reserves of which max 6 swimmers from non-Belgian clubs. Non-participation to finals of the swimmers and reserves must be reported in-time by the club delegate. Clubs that fail to do this will be fined a ratio of €25 per non-timely deregistration and no show for a final. For the Youth competition, the 1st, 2nd and 3rd will receive a medal.
6. **On Sunday there will be a 50 m freestyle Knockout race.** The fastest 8 male and 8 female swimmers will qualify for this event during the 50 freestyle heats on Saturday.
Knockout Race Course flow:
 - 8 swimmers take place on starting block, a ship bel rings, +/- 15" later the start signal is given. The 4 fastest qualify for the next race.
 - 4 best swimmers take place on their original starting block, +/- 3 minutes after previous signal the ship bel rings again and +/- 15" later the start signal is given. The 2 fastest qualify for the next race.
 - 2 best swimmers take place on starting blocks 4 and 5, +/- 3 minutes after previous signal the ship bel rings again and +/- 15" later the start signal is given.
 - Starting signal is given without warning "take your marks"!
7. BRABO invites Para-swimmers to participate in the series. Up from 3 possible finalists, they can compete in a separate final (see program).
8. Prize money is handed out directly after each 800- and 1500m heats and after each A-final and Para-swimming (Para-SW) final.
 - Knockout race: 1st : 100€ 2nd : 50€
 - 50m and 100m A-finals: Gold: €75, Silver: €45, Bronze: €30.
 - All other A-finals: Gold: €45, Silver: €30, Bronze: €15.
9. The female and male swimmer with the best performance (WA points 2024) on an Olympic distance will be rewarded with a diamond.
 - a) If an equal amount of WA points is achieved by swimmers competing in the same event, the swimmer with the fastest time in the final wins. If two or more swimmers realise equal fastest times in the final, the swimmer with the fastest time in the heats of that event will win. If, in this case, the time in the heats and the final are the same, every swimmer concerned will receive a diamond.
 - b) If an equal amount of WA points is achieved for swimmers competing in different events the swimmer who achieved the most WA points in the heats (in that same event) will win. If the number of WA points in the heats is also equal, both swimmers will receive a diamond.
